**SUMMARY**

Frontend Developer with 3+ years of experience building scalable, accessible, and high-performance web applications using React.js and modern UI frameworks. Skilled in developing design systems, reusable component libraries, and optimizing UI performance. Experienced in accessibility (WCAG), Agile collaboration, and DevOps-aligned CI/CD workflows. Eager to contribute impactful UI/UX solutions to mission-driven teams.

**WORK EXPERIENCE**

**Front End Developer** **Aug 2020 – Jul 2023**

*Arham Labs* *Mumbai, IN*

- Developed a shared **React component library** (buttons, cards, side menus, app bars) reused across the company's ecosystem (website, dashboards, LMS) for a cohesive and scalable **design system**.
- Collaborated with UI/UX teams using **Figma** to build pixel-perfect, **accessible** components following **WCAG** and ARIA guidelines, improving usability and consistency.
- Refactored legacy codebases into **modular, maintainable** React functional components using **React Hooks, state management**, and **TDD practices** with Jest - reducing technical debt by 35% and improving team onboarding.
- Built data-driven dashboards by integrating **REST APIs**, enabling real-time analytics that cut client turnaround time by 30%.
- Used **Lighthouse**, browser DevTools, and profiling tools to optimize bundle size and performance, improving UI responsiveness and cross-device compatibility by 25%.
- Contributed to **CI/CD pipelines** using **GitHub Actions**, managed multi-branch deployments for staging and production on **AWS**, enabling seamless feature rollout.
- Participated in Agile/Scrum sprints, code reviews, and sprint retrospectives; resolved production bugs post-deployment, reducing customer-reported UI issues by 30%.

**Web Developer** **Aug 2019 – Dec 2019**

*Axioned.* *Mumbai, IN*

- Built accessible **SPAs** using **HTML5, CSS3, JavaScript**, with strict adherence to **WCAG** accessibility guidelines.
- Built modular, **reusable components** with SASS/Bootstrap to improve scalability, consistency, and development efficiency.
- Performed **manual QA testing**, ensured **cross-browser compatibility**, and validated UI across **Chrome, Firefox, Safari, Edge**.
- Utilized **Git** for version control and worked in **Agile sprints**, participating in **daily stand-ups** and sprint planning meetings.
